OUR INSPIRATION

Zaha Hadid, Iraqi born British architect known for her radical de-constructivist designs. Pioneering vision redefined architecture for the 21st Century and captured imaginations across the globe.

Each of her project transformed nations of what can be achieved in concrete, steel, and glass; combining her unwavering optimism for the future and belief in the power of invention with advanced design, material and construction innovation. Her designs are the embodiment of an enlightened philosophical framework and principled discipline.

“There are

360°

So why you stick on one.”

Is her statement ,which inspires and leads us to be an **innovative solution provider** for construction industry.

We
SALUTE

The Legend Lady.

THE COMPANY

Kaam Consultants (Private)Ltd. Pakistan's first cloud base multi-dimensional establishment, providing specialized consultancy, execution, supply and manufacturing services in the field of architecture, building construction, interior/exterior design, customized solutions for flooring, bespoke furniture and fixture designing and manufacturing.

Beside all this we are the pioneers of digitalisation of the local industry. We provide solutions to be digitalize to the fellows.

Kaam Consultants is managed and run by the self-motivated team of young, foreign highly qualified, proficient, experienced and upright professionals in their respective fields and spread over continents. This makes us unique and able to merge and synchronize the colours of different cultures related to construction industry.

Apart from providing cloud base assistance to foreign customers, administering local developments, engaging turn-key projects as well, ranging from documentation to grey-structure and from décor to bespoke furniture.

A person is rappelling down a dark rock face. The background features a large, snow-dusted mountain peak under a dramatic, orange-hued sky. The entire scene is framed by a dark, textured border with a grid of orange-outlined squares.

Being
DIFFERENT
is not a bad thing.....
It means you are
BRAVE
enough to be
yourself

HOW WE ARE DIFFERENT

We accept as **ACCURATE** that in the ever-changing and competitive construction industry, today's solution will not be adequate for tomorrow. Therefore, we design, develop and construct all our projects with an eye on the future needs and requirements as well.

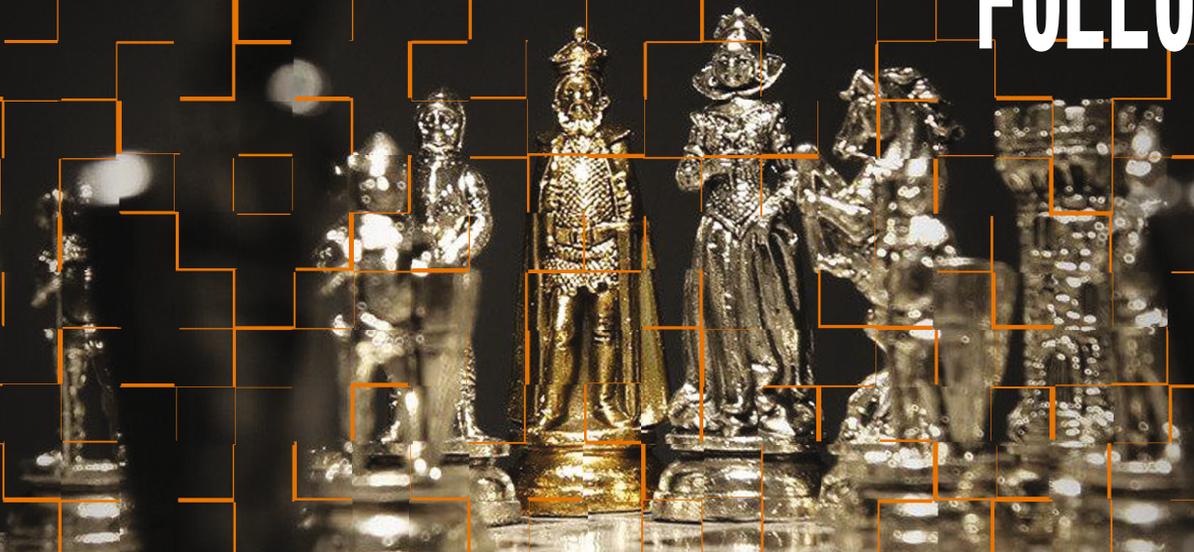

We have the right professionals to do the right job. We understand the value of time, the importance of quality, and have the required management practice to execute the project exceptionally. We give preference to both the functionality and design in all projects to attain the much-needed harmony between people and their environment.

OUR PROMISE

Deliver exceptional-quality, cost-effective, innovative and long-lasting solution by keeping professionalism, integrity, honesty and fairness in our relationships.

INNOVATION
DISTINGUISHES
BETWEEN A
LEADER
AND A
FOLLOWER

International industry experience and connections, responsibility and demonstrated outcomes—you wouldn't expect anything less to help own your undertaking. We have the appropriate experience your venture merits.

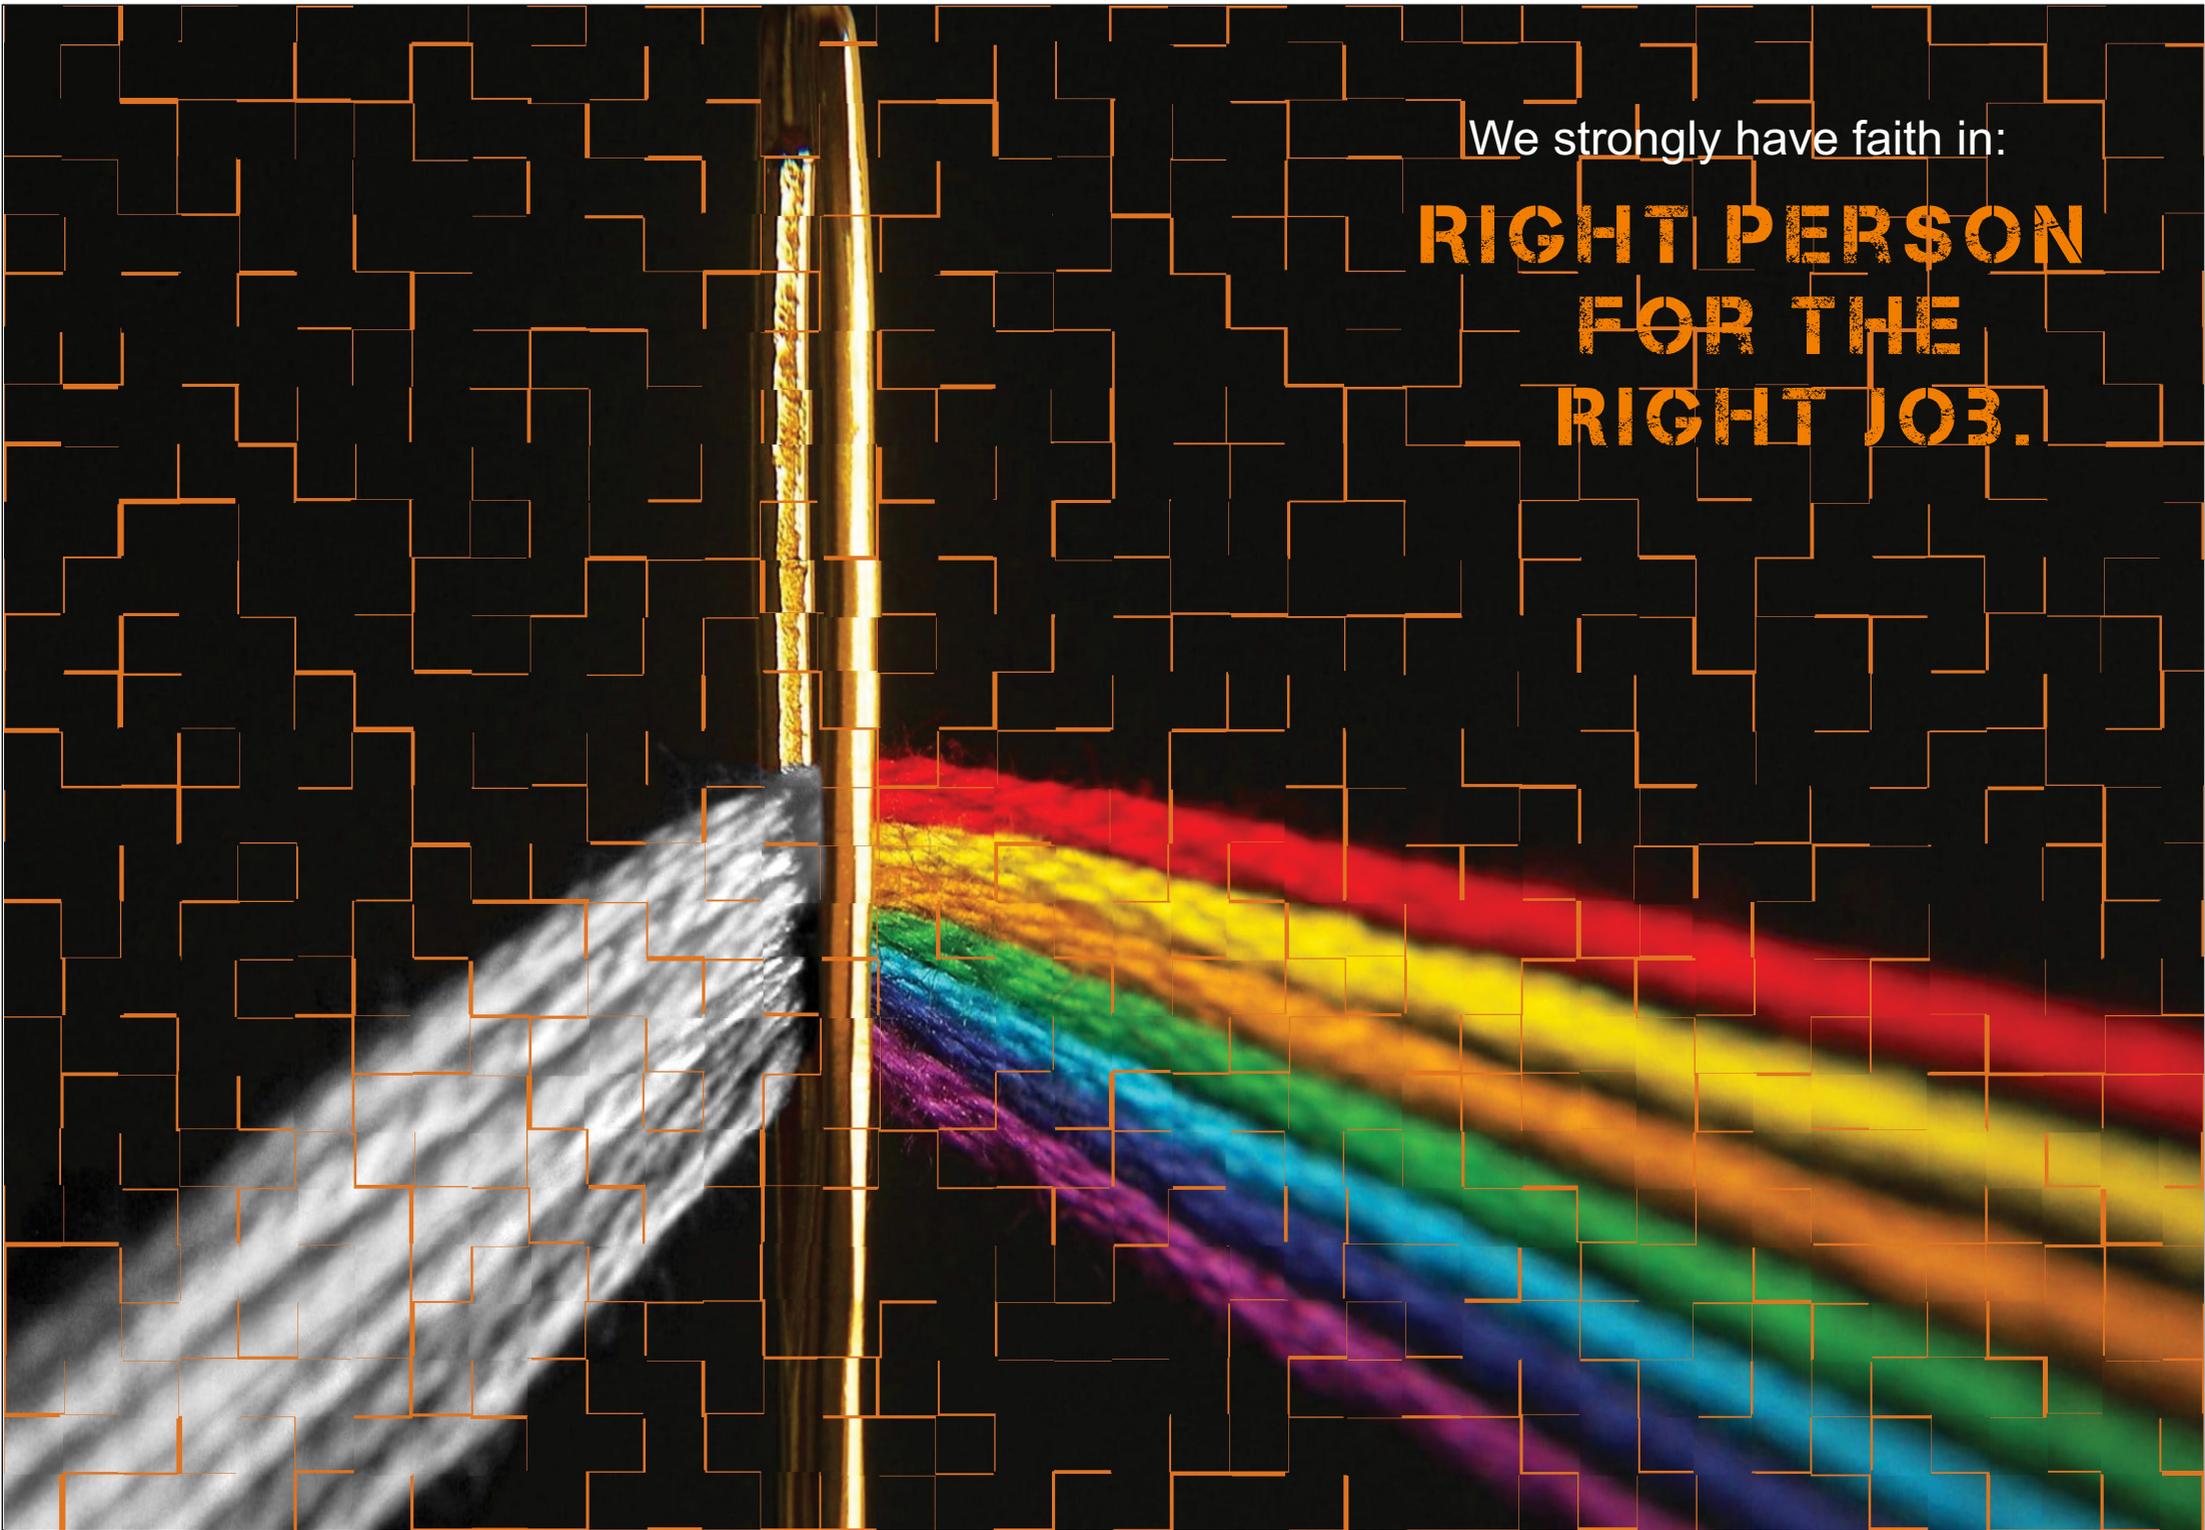

In this era of digitalization, we are taking it as an opportunity and step into the way in towing the local industry in the direction of digitalization.

We prefer to produce a long-lasting clientele, which will translate into long haul winning procedures and dramatic development for both the parties.

Take us as an extra pair of helping hands for your project accomplishment. We are much assertive that by attaining our services, you will achieve your dream in an exceptional way.

We strongly have faith in:

**RIGHT PERSON
FOR THE
RIGHT JOB.**

DIVISIONS

KAAM, segregates the business in multiple divisions to keep it unrestricted and versatile in execution, services, products and manufacturing. This gives us the ability to cater the customers **ONE STEP** ahead from the expectations.

Flip over the page for details.....

DESIGN

KAAM, has unmatched information on utilizing state of the art innovation during the designing & planning process, transforming the traditional two-dimensional design into a collaborative, comprehensive model with layers of information to aid in the design and construction process by providing enhanced 4D & 3D visualization and a greater understanding of building flow and operations.

We will make sure that all our Designs shall have its own **ORIGINAL** concepts and “NOT” copied or recycled from previous Designs.... This is how we **VALUE** our commitments to all our clients. ----to let them realized that building has its own **GENUINE** concept - that they can say their own exclusively, with **PRIDE**.

- ▶ Residential
- ▶ Commercial & Industrial
- ▶ Workspace & Urban
- ▶ Landscape
- ▶ Design Communication

PLANNING

KAAM's planning services are tailored to every different project. Our vast in-house multi-disciplinary resources, allow us to comprehensively evaluate project feasibilities for our clients across sectors and geographies.

We help you to transform your fantasies into the real world; by holding fast to what, when, how and whom.

By utilizing the most recent strategies, examination devices and approaches we carry on with the venture life cycle and can distinguish and assess any forthcoming danger factor that has a place with any stage...

With the collaboration to the industry leaders on international level we provide assistance to local industry fellows to transfer on digitalization.

CONSTRUCTION

We assist customers by providing a full array of services from pre-construction to post-construction documentation, construction project management to BOQ / Procurement, Quality Survey to Supervision and up-to execution.

We have a well-equipped and skilled professional trade team. They don't only do their tasks as per given detail but keep the standards high as well to maintain the quality of workmanship.

Regardless of the size and complex scale of the project, we welcome the client either on labor-rate or turnkey.
